To Whom It May Concern

**RE: HOUSE OF THIRTY REFERENCE LETTER**

Working with the H30 team has been an amazing experience. This young team of creative individuals has shown unprecedented professionalism from the start of our partnership until the very end. Their level of maturity and work ethic exceeds their general age which is a very rare trait amongst their age group.

The team has been co-operative, respectful, and mature in their approach to their craft which only made our duties and responsibilities in helping them a whole lot easier and manageable.

One thing that we must mention is their unique ability to market their events and produce sufficient ROI as a result. We have seen remarkable brand awareness, Instagram following as a result. A special spotlight must be placed also to their event manager, Junior Gwabeni. From creative direction to negotiation, leadership and organization, this individual has shown signs of brilliance in his craft and therefore has gained the respect of our establishment.

We recommend House of Thirty team as a mutually beneficial and profitable business partner.

Yours Sincerely

Anne Chitare
